Technical Support

Our team of experts is available to help answer any questions you may have when it comes to springs. If you need assistance with engineering a spring to fit your application, we are happy to take care of this.
IDC Spring Capabilities

- Fastest lead times with a proven track record
- Attentive customer service
- Spring engineering services
- Electronic ordering and invoicing
- Customized just-in-time (JIT) production programs
- Customized packaging and labeling
- Broad range of materials available
  - Oil-tempered wire
  - Hard drawn wire
  - Galvanized wire
  - Square wire
  - Music wire
  - Chrome silicon wire
- Specialized material finishing available
  - Shot peening
  - Plating
  - Powder coating

Spring Construct Types

- **Torsion**
  - Wire diameters .080-.625
  - Straight or bent ends
  - With or without tails
  - Double torsion

- **Extension**
  - Wire diameters .080-.500
  - Open ends
  - Clipped ends
  - Double looped ends
  - Extended hooks

- **Compression**
  - Wire diameters .080-.625
  - Open or closed ends
  - Ground or plain ends
  - Tucked ends
  - Straight or tapered body
  - Telescoping or non-telescoping body

- **Barrel**
  - Wire diameters .080-.312
  - Ground or plain ends
  - Tucked ends
  - Variable ID spring

- **Wire Forms**
  - Wire diameters .080-.625
  - Bent angles
  - Variable lengths
